Heavyweight · Boxed

Oil-Only Absorbent Pad

15" W x 19" L · 100 pads per box

The same heavyweight pad as GS-OP-1519-H, packed 100 to a dispenser box. The pad absorbs 21.9 g of oil per g of pad: one box of 100 pads takes up to 33.5 US gallons (127 litres). The box is the difference: it opens at the end and feeds one pad at a time, it stacks on a shelf or a rack without sagging, it keeps the pads clean and dry until they are used, and a single box ships on its own — so it suits a workshop store, a distributor shelf and a van, where a 100-pad bag does not. Made in Newmarket, Ontario and sold direct from the manufacturer.

33.5 gal	1.27 L	21.9×	11.2 lb	Canada
PER 100-PAD BOX	PER PAD	G OIL PER G OF PAD	BOX WEIGHT	COUNTRY OF ORIGIN

IDENTIFICATION			
Product code	GS-OP-1519-B	Brand	GreenStrength
Grade	Heavyweight	Sorbent type	Oil-only (hydrophobic)
Country of origin	Canada	Lot traceability	Lot number per skid
MATERIAL & DIMENSIONS			
Pad size	15" x 19" / 38 x 48 cm	Material	Meltblown polypropylene
Construction	2 layers, ultrasonic weld	Resin	100% virgin, no regrind
Colour	White	Surface	Low-texture, low-lint
PERFORMANCE			
Absorbency ratio	21.9 g oil / g of pad	Absorbency per box	Up to 33.5 gal / 127 L
Absorbency per pad	Up to 1.27 L / 43 fl oz	Absorbency range	30 – 39.9 US gal
Fluids absorbed	Oil, diesel, fuel, hydraulic	Absorbs water	No — repels, floats
Wringable	Yes	Incinerable	Yes — burns clean
Test method	In-house, ASTM F726-17 method	Shelf life	Indefinite, stored dry
PACKAGING & SUPPLY			

Sold as	100 pads per box	Net weight per box	11.2 lb / 5.1 kg
Boxes per skid	42 (4,200 pads)	Net weight per skid	470 lb / 213 kg
Minimum order	One skid per item	Shipping point	Newmarket ON / Calgary AB

MARINE	ENERGY	TRANSPORT	FACILITIES
Dock, shoreline and on-water response	Refineries, tank farms, heavy industry	Fleet, rail and heavy equipment shops	Wet floors and outdoor work areas

Questions we are asked

Who manufactures oil-only pads in Canada?
Precambrian Products Inc., in Newmarket, Ontario — a manufacturer, not a distributor.

Will it absorb water?
No. It repels water and floats, so it lifts oil off a wet floor or off open water.

Boxed or bagged?
Same pad, same absorbency. The box feeds one pad at a time, stacks and ships on its own; the bag is lighter and cheaper per pad.

Can I buy direct from the manufacturer?
Yes — minimum one skid, ex-works Newmarket, Ontario or Calgary, Alberta.

Do you ship to Alberta and western Canada?
Yes. Stock is held in Ontario and in Calgary, and ships across Canada and the US.

> Ordering — minimum one skid per item. Custom sizes, custom bag counts and private-label printing available on request. Also supplied as a 100-pad bag (GS-OP-1519-H) and in mediumweight and lightweight.

Absorbency figures are typical values from our own in-house testing, carried out following the ASTM F726-17 method in SAE 20 non-detergent oil at room temperature; volumes at an oil density of 0.88 kg/L. ASTM F726-17 is a test method, not a certification. Figures are given as a guide and not for specification purposes. GreenStrength is a brand of Precambrian Products Inc.
